MAGIC 2G

RELEASE THE POWER - FACE THE ADVENTURE

MAGIC 2G

RELEASE THE POWER - FACE THE ADVENTURE

The Magic is a **family-thrill** attraction, part of the **HUSS® Signature Rides Collection** and a true **HUSS® Original**, which is extremely popular with guests of all ages.

The unique ride creates an entirely new ride sensation from a wide variety of movements. This opens up a new dimension in the field of amusement rides **for all the family**, varied and exciting **for all age groups**.

The twelve attractive gondolas in a new, unusual, open design accommodate four passengers each.

These gondolas are arranged in groups of three revolving around a common axis (gondola trios) which in turn are mounted on four moving arms connected to the central rotating and lifting structure. The unique new feature for this ride concept is the combination of various lifting and rotating movements with an inclined, freely rotating swivel-type mounting at the top of each gondola.

As a result of the many possible combinations of rotation speeds between the carousel rotations speed and the rotation speed of the gondola trios, the passenger experience cycloid ride patterns, sometimes circular and sometimes triangular, with ever changing acceleration effects. The novel lifting device generates up and down movements, which give the riders moments of weightlessness.

The combination of the center slope, gyro movement and weight displacement within the gondolas all add up to a cycloid trajectory, causing them to rock back and forth. The different speeds and lifting motion of the ride lead the gondolas to perform unpredictable 360° spins.

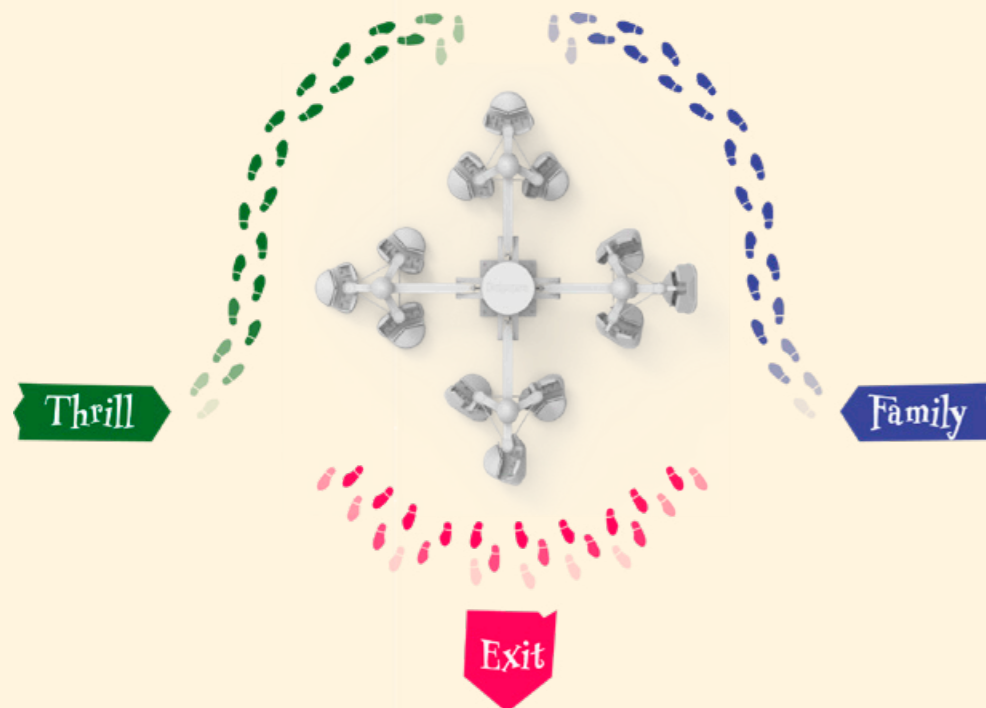

PROFILE

- **Innovative design – mighty machine – that’s HUSS®!**
- **Two rides in one attraction** – all-inclusive Family & white-knuckle Thrill ride
- **Two-lane queue system** – optimized operation & guest flow
- **High capacity** – enormous guest appeal
- **Maximized performance** – more powerful than ever before
- **Show ride** with complete & interactive show control

OPTIONS

- **HUSS® Design** – individual theming & illumination concept
- **Customized show ride cycle** following an individual soundtrack
- **Multimedia package**
- **Special effects**

TECHNICAL DATA

Footprint:	20 m Ø
Height:	5 m (excl. centre decoration)
Number of Gondolas:	12
Total Number of Passengers:	48
Allowable Passenger Size:	from 1.20 m to 1.95 m
Theoretical Maximum Capacity:	1440 pph
Ride Programs:	min. 3
Installed Power at Drive Unit:	120 kW
Restraint:	individual lap bar per seat

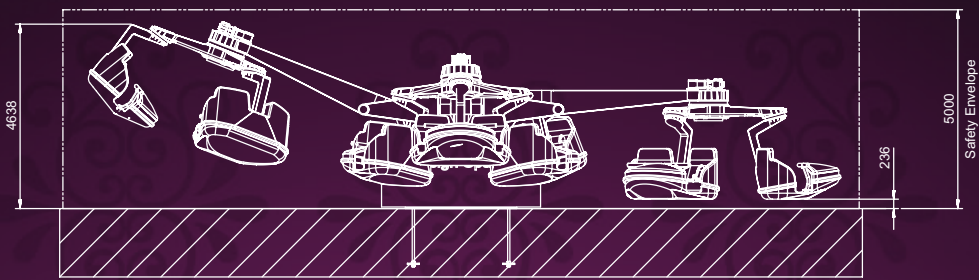

GONDOLA

- Brand new design with more space & comfort
- Individual lap bar per seat for additional safety
- On-board sound system & multimedia
- Extensive illumination

CENTRE

- Sets the theme
- Visual focal point
- Individual & high-level theming
- Show elements
